Attorneys for Plaintiff and Proposed Class

UNITED STATES DISTRICT COURT

FOR THE NORTHERN DISTRICT OF CALIFORNIA

KYO HAK CHU, individually and on
behalf of all others similarly situated,

Plaintiff,

v.

PAT KULETO RESTAURANT
DEVELOPMENT & MANAGEMENT
COMPANY d/b/a WATERBAR, a
California corporation; and DOES 1 to 10,
inclusive,

Defendants.

CASE NO.:

CLASS ACTION COMPLAINT

1. VIOLATIONS OF THE AMERICANS
WITH DISABILITIES ACT OF 1990, 42
U.S.C. §12181
2. VIOLATIONS OF THE UNRUH CIVIL
RIGHTS ACT

DEMAND FOR JURY TRIAL

Plaintiff Kyo Hak Chu (“Plaintiff”), individually and on behalf of all others similarly situated, brings this action based upon personal knowledge as to himself and his own acts, and as to all other matters upon information and belief, based upon, *inter alia*, the investigations of his attorneys.

NATURE OF THE ACTION

1. Plaintiff is a visually-impaired and legally blind person who requires screen-reading software to read website content using his computer. Plaintiff uses the terms “blind” or “visually-impaired” to refer to all people with visual impairments who meet the legal definition

1 of blindness in that they have a visual acuity with correction of less than or equal to 20 x 200.
 2 Some blind people who meet this definition have limited vision. Others have no vision.

3 2. Plaintiff, individually and on behalf of those similarly situated persons (hereafter
 4 “Class Members”), brings this Class Action to secure redress against Defendant Pat Kuleto
 5 Restaurant Development & Management Company d/b/a Waterbar (“Defendant”) and DOES 1-
 6 10, for its failure to design, construct, maintain, and operate its website to be fully and equally
 7 accessible to and independently usable by Plaintiff and other blind or visually-impaired people.
 8 Defendant’s denial of full and equal access to its website, and therefore denial of its products and
 9 services offered thereby and in conjunction with its physical location, is a violation of Plaintiff’s
 10 rights under the Americans with Disabilities Act (“ADA”) and California’s Unruh Civil Rights
 11 Act (“UCRA”).

12 3. Because Defendant’s website, <https://www.waterbarsf.com/>, (the “Website” or
 13 “Defendant’s website”), is not fully or equally accessible to blind and visually-impaired
 14 consumers in violation of the ADA, Plaintiff seeks a permanent injunction to cause a change in
 15 Defendant’s corporate policies, practices, and procedures so that Defendant’s website will
 16 become and remain accessible to blind and visually-impaired consumers.

17 THE PARTIES

18 4. Plaintiff, at all times relevant and as alleged herein, is a resident of the County of
 19 San Francisco, State of California. Plaintiff is a legally blind, visually-impaired handicapped
 20 person, a member of a protected class of individuals under the ADA pursuant to 42 U.S.C. §
 21 12102(1)-(2), and the regulations implementing the ADA set forth at 28 CFR §§ 36.101 *et seq.*

22 5. Defendant is a California corporation, with its headquarters in San Francisco,
 23 California. Defendant’s servers for the website are in the United States. Defendant conducts a
 24 large amount of its business in California and the United States as a whole. This restaurant
 25 constitutes a place of public accommodation. Defendant’s restaurant provides to the public
 26 important goods and services. Defendant’s website provides consumers with access to a wide
 27 variety of sustainable, well-sourced, fresh-caught, excellently prepared and presented seafood and
 28 cocktail menu items. Consumers can also access information about to-go orders, chef and owner

1 biographies, news media, gift cards, reservations, merchandise, charitable opportunities, special
2 events, private dining, and career opportunities.

3 6. Plaintiff is unaware of the true names, identities, and capacities of each Defendant
4 sued herein as DOES 1 to 10. Plaintiff will seek leave to amend this complaint to allege the true
5 names and capacities of DOES 1 to 10 if and when ascertained. Plaintiff is informed and believes,
6 and thereupon alleges, that each Defendant sued herein as a DOE is legally responsible in some
7 manner for the events and happenings alleged herein and that each Defendant sued herein as a
8 DOE proximately caused injuries and damages to Plaintiff as set forth below.

9 7. Defendant's restaurant is a public accommodation within the definition of Title III
10 of the ADA, 42 U.S.C. § 12181(7).

11 8. The Website, <https://www.waterbarsf.com/>, is a service, privilege, or advantage of
12 Defendant's services, products, and location.

13 JURISDICTION AND VENUE

14 9. This Court has subject matter jurisdiction over the state law claims alleged in this
15 Complaint pursuant to the Class Action Fairness Act, 28 U.S.C. §1332(d)(2)(A) because: (a) the
16 matter in controversy exceeds the sum of \$5 million, exclusive of interest and costs; and (b) some
17 of the class members are citizens of a state (California).

18 10. Defendant is subject to personal jurisdiction in this District. Defendant has been
19 and continues to commit the acts or omissions alleged herein in the Northern District of
20 California, which, has caused injury and violated rights prescribed by the ADA and UCRA to
21 Plaintiff, other blind, and other visually impaired-consumers. A substantial part of the acts and
22 omissions giving rise to Plaintiff's claims occurred in the Northern District of California.
23 Specifically, on several separate occasions, Plaintiff has been denied the full use and enjoyment
24 of the facilities, goods, and services of Defendant's website in San Francisco County. The access
25 barriers Plaintiff has encountered on Defendant's website have caused a denial of Plaintiff's full
26 and equal access multiple times in the past and now deter Plaintiff on a regular basis from
27 accessing Defendant's website. Similarly, the access barriers Plaintiff has encountered on
28

1 Defendant's website have impeded Plaintiff's full and equal enjoyment of goods and services
2 offered at Defendant's brick-and-mortar restaurant.

3 11. This Court also has subject-matter jurisdiction over this action pursuant to 28
4 U.S.C. § 1331 and 42 U.S.C. § 12181, as Plaintiff's claims arise under Title III of the ADA, 42
5 U.S.C. § 12181, *et seq.*, and 28 U.S.C. § 1332.

6 12. This Court has personal jurisdiction over Defendant because it conducts and
7 continues to conduct a substantial and significant amount of business in the State of California,
8 County of San Francisco, and because Defendant's offending website is available across
9 California.

10 13. Venue is proper in the Northern District of California pursuant to 28 U.S.C. §1391
11 because Plaintiff resides in this District, Defendant conducts and continues to conduct a
12 substantial and significant amount of business in this District, Defendant is subject to personal
13 jurisdiction in this District, and a substantial portion of the conduct complained of herein occurred
14 in this District.

15 **THE AMERICANS WITH DISABILITIES ACT AND THE INTERNET**

16 14. The Internet has become a significant source of information, a portal and a tool for
17 conducting business, doing everyday activities such as shopping, learning, banking, researching,
18 as well as many other activities for sighted, blind and visually-impaired persons alike.

19 15. In today's tech-savvy world, blind and visually-impaired people have the ability to
20 access websites using keyboards in conjunction with screen access software that vocalizes the
21 visual information found on a computer screen. This technology is known as screen-reading
22 software. Screen-reading software is currently the only method a blind or visually-impaired
23 person may independently access the internet. Unless websites are designed to be read by screen-
24 reading software, blind and visually-impaired persons are unable to fully access websites, and the
25 information, products and services contained thereon.

26 16. Blind and visually-impaired users of Windows operating system-enabled
27 computers and devices have several screen-reading software programs available to them. Some
28 of these programs are available for purchase and other programs are available without the user

1 having to purchase the program separately. Job Access With Speech, otherwise known as
2 “JAWS,” is currently the most popular separately purchased and downloaded screen-reading
3 software program available for a Windows computer.

4 17. For screen-reading software to function, the information on a website must be
5 capable of being rendered into text. If the website content is not capable of being rendered into
6 text, the blind or visually-impaired user is unable to access the same content available to sighted
7 users.

8 18. The international website standards organization, the World Wide Web
9 Consortium known throughout the world as W3C, has published Success Criteria for version 2.1
10 of the Web Content Accessibility Guidelines (“WCAG 2.1” hereinafter). WCAG 2.1 are well-
11 established guidelines for making websites accessible to blind and visually-impaired people.
12 These guidelines are adopted, implemented, and followed by most large business entities who
13 want to ensure their websites are accessible to users of screen-reading software programs.
14 Though WCAG 2.1 has not been formally adopted as the standard for making websites accessible,
15 it is one of, if not the most, valuable resource for companies to operate, maintain, and provide a
16 website that is accessible under the ADA to the public.

17 19. Within this context, the Ninth Circuit has recognized the viability of ADA claims
18 against commercial website owners/operators with regard to the accessibility of such websites.
19 *Robles v. Domino’s Pizza, LLC*, Docket No. 17-55504 (9th Cir. Apr 13, 2017), Court Docket No.
20 BL-66. This is in addition to the numerous courts that already recognized such application.

21 20. Each of Defendant’s violations of the Americans with Disabilities Act is likewise
22 a violation of the Unruh Civil Rights Act. Indeed, the Unruh Civil Rights Act provides that any
23 violation of the ADA constitutes a violation of the Unruh Civil Rights Act. Cal. Civ. Code § 51(f).

24 21. Further, Defendant’s actions and inactions denied Plaintiff full and equal access to
25 their accommodations, facilities, and services. A substantial motivating reason for Defendant to
26 deny Plaintiff access was the perception of Plaintiff’s disability. Defendant’s denial of Plaintiff’s
27 accessibility was a substantial motivating reason for Defendant’s conduct. Plaintiff was harmed
28

1 due to Defendant's conduct. Defendant's actions and inactions were a substantial factor in
2 causing the lack of access to Plaintiff. Unruh Civil Rights Act. Cal. Civ. Code § 51.

3 22. Inaccessible or otherwise non-compliant websites pose significant access barriers
4 to blind and visually-impaired persons. Common barriers encountered by blind and visually
5 impaired persons include, but are not limited to, the following:

- 6 a. A text equivalent for every non-text element is not provided;
- 7 b. Title frames with text are not provided for identification and navigation;
- 8 c. Equivalent text is not provided when using scripts;
- 9 d. Forms with the same information and functionality as for sighted persons are
10 not provided;
- 11 e. Information about the meaning and structure of content is not conveyed by
12 more than the visual presentation of content;
- 13 f. Text cannot be resized without assistive technology up to 200 percent without
14 loss of content or functionality;
- 15 g. If the content enforces a time limit, the user is not able to extend, adjust or
16 disable it;
- 17 h. Web pages do not have titles that describe the topic or purpose;
- 18 i. The purpose of each link cannot be determined from the link text alone or from
19 the link text and its programmatically determined link context;
- 20 j. One or more keyboard operable user interface lacks a mode of operation where
21 the keyboard focus indicator is discernible;
- 22 k. The default human language of each web page cannot be programmatically
23 determined;
- 24 l. When a component receives focus, it may initiate a change in context;
- 25 m. Changing the setting of a user interface component may automatically cause a
26 change of context where the user has not been advised before using the
27 component;
- 28 n. Labels or instructions are not provided when content requires user input;

- o. In content which is implemented by using markup languages, elements do not have complete start and end tags, elements are not nested according to their specifications, elements may contain duplicate attributes and/or any IDs are not unique;
- p. Inaccessible Portable Document Format (PDFs); and
- q. The name and role of all User Interface elements cannot be programmatically determined; items that can be set by the user cannot be programmatically set; and/or notification of changes to these items is not available to user agents, including assistive technology.

FACTUAL BACKGROUND

23. Defendant offers the <https://www.waterbarsf.com/> website to the public. The website offers features which should allow all consumers to access the goods and services which Defendant offers in connection with its physical location. The goods and services offered by Defendant's website include, but are not limited to, the following: fresh-caught and sustainably sourced fish and shellfish, the most expansive selection of oysters on the West Coast, and flavors of the San Francisco Bay Area, such as oysters, baked oysters, artisanal cheeses, salads, shellfish bisque, seafood pasta, Asian-inspired pork belly and curry, seafood ramen, crab melt sandwiches, seafood fried rice, fresh fish dishes, lamb, steak, a variety of desserts, a children's menu, and an extensive wine and specialty cocktail menu available to order online and at the restaurant location for purchase. Consumers can further access information regarding chef and owner biographies, news media, gift cards, reservations, merchandise, charitable opportunities, special events, private dining, and career opportunities.

24. Based on information and belief, it is Defendant's policy and practice to deny Plaintiff and Class Members, along with other blind or visually-impaired users, access to Defendant's website and to therefore specifically deny the goods and services that are offered and integrated with Defendant's restaurant. Due to Defendant's failure and refusal to remove access barriers on its website, Plaintiff and other visually-impaired persons have been and are still being denied equal and full access to Defendant's restaurant and the assortment of fresh-caught,

1 excellently prepared and presented seafood and other specialty menu items that are offered to the
2 public through Defendant's Website.

3 **DEFENDANT'S BARRIERS ON UNRUH CIVIL RIGHTS ACT. CAL. CIV. CODE §**
4 **51(F) DENY PLAINTIFF AND CLASS MEMBERS' ACCESS**

5 25. Plaintiff is a visually-impaired and legally blind person, who cannot use a
6 computer without the assistance of screen-reading software. However, Plaintiff is a proficient
7 user of the JAWS screen-reader as well as Mac's VoiceOver and both use it to access the internet.
8 Plaintiff has visited Defendant's website on several separate occasions using the JAWS and/or
9 VoiceOver screen-readers.

10 26. During Plaintiff's several visits to Defendant's website, Plaintiff encountered
11 multiple access barriers which denied Plaintiff full and equal access to the facilities, goods and
12 services offered to the public and made available to the public on Defendant's website, and its
13 prior iterations. Due to the widespread access barriers Plaintiff and Class Members encountered
14 on Defendant's websites, Plaintiff and Class Members have been deterred, on a regular basis,
15 from accessing Defendant's website. Similarly, the access barriers Plaintiff has encountered on
16 Defendant's website have deterred Plaintiff and Class Members from visiting Defendant's brick-
17 and-mortar restaurant.

18 27. While attempting to navigate Defendant's website, Plaintiff and Class Members
19 encountered multiple accessibility barriers for blind or visually-impaired people that include, but
20 are not limited to, the following:

- 21 a. Lack of Alternative Text ("alt-text"), or a text equivalent. Alt-text is invisible
22 code embedded beneath a graphic or image on a website that is read to a user
23 by a screen-reader. For graphics or images to be fully accessible for screen-
24 reader users, it requires that alt-text be coded with each graphic or image so
25 that screen-reading software can speak the alt-text to describe the graphic or
26 image where a sighted user would just see the graphic or image. Alt-text does
27 not change the visual presentation, but instead a text box shows when the
28 cursor hovers over the graphic or image. The lack of alt-text on graphics and

images prevents screen-readers from accurately vocalizing a description of the image or graphic. As a result, Plaintiff and Class Members who are blind and visually-impaired customers are unable to access the restaurant's wide variety of sustainable, well-sourced, fresh-caught, excellently prepared and presented seafood and cocktail/wine menu items, or find information about restaurant merchandise, chef and owner biographies, news media, gift cards, reservations, merchandise, charitable opportunities, special events, private dining, and career opportunities, or complete any purchases;

- b. Empty Links that contain No Text causing the function or purpose of the link to not be presented to the user. This can introduce confusion for keyboard and screen-reader users;
- c. Redundant Links where adjacent links go to the same URL address which results in additional navigation and repetition for keyboard and screen-reader users; and
- d. Linked Images missing alt-text, which causes problems if an image within a link does not contain any descriptive text and that image does not have alt-text. A screen reader then has no content to present the user as to the function of the link, including information or links for and contained in PDFs.

28. Recently in 2021, Plaintiff attempted to do business with Defendant on Defendant's website. Plaintiff has visited prior iterations of the website, <https://www.waterbarsf.com/>, and also encountered barriers to access on Defendant's website.

29. Despite past and recent attempts to do business with Defendant on its website, the numerous access barriers contained on the website and encountered by Plaintiff, has denied Plaintiff full and equal access to Defendant's website. Plaintiff and Class Members, as a result of the barriers on Defendant's website, continue to be deterred on a regular basis from accessing Defendant's website. Likewise, based on the numerous access barriers Plaintiff and Class Members have been deterred and impeded from the full and equal enjoyment of goods and services offered in Defendant's restaurant and from making purchases at such the physical

location.

DEFENDANT MUST REMOVE BARRIERS TO ITS WEBSITE

30. Due to the inaccessibility of the Defendant's website, blind and visually-impaired customers such as the Plaintiff who need screen-readers, cannot fully and equally use or enjoy the facilities, and services the Defendant offers to the public on its website. The access barriers the Plaintiff has encountered have caused a denial of Plaintiff's full and equal access in the past and now deter Plaintiff on a regular basis from accessing the website.

31. These access barriers on Defendant's website have deterred Plaintiff from visiting Defendant's physical location and enjoying them equal to sighted individuals because Plaintiff was unable to find the location and hours of operation of Defendant's location on its website, as a result Plaintiff is prevented from visiting the location, and is unable to view and purchase products and/or services. Plaintiff and Class Members intend to visit the Defendant's location in the near future if Plaintiff and Class Members could access Defendant's website.

32. If the website were equally accessible to all, Plaintiff and Class Members could independently navigate the website and complete a desired transaction, as sighted individuals do.

33. Plaintiff, through Plaintiff's attempts to use the website, has actual knowledge of the access barriers that make these services inaccessible and independently unusable by blind and visually-impaired people.

34. Because simple compliance with WCAG 2.1 would provide Plaintiff and Class Members who are visually-impaired consumers with equal access to the website, Plaintiff and Class Members allege that Defendant engaged in acts of intentional discrimination, including, but not limited to, the following policies or practices: constructing and maintaining a website that is inaccessible to visually-impaired individuals, including Plaintiff and Class Members; failing to construct and maintain a website that is sufficiently intuitive so as to be equally accessible to visually-impaired individuals, including Plaintiff and Class Members; and failing to take actions to correct these access barriers in the face of substantial harm and discrimination to blind and visually-impaired consumers, such as Plaintiff and Class Members, as a member of a protected class.

1 35. The Defendant uses standards, criteria or methods of administration that have the
2 effect of discriminating or perpetuating the discrimination against others, as alleged herein.

3 36. The ADA expressly contemplates the injunctive relief that Plaintiff seeks in this
4 action. In relevant part, the ADA requires:

5 In the case of violations of ... this title, injunctive relief shall include an order to
6 alter facilities to make such facilities readily accessible to and usable by
7 individuals with disabilities Where appropriate, injunctive relief shall also
include requiring the ... modification of a policy 42 U.S.C. § 12188(a)(2).

8 37. Because Defendant's website has never been equally accessible, and because
9 Defendant lacks a corporate policy that is reasonably calculated to cause the Defendant's website
10 to become and remain accessible, Plaintiff invokes 42 U.S.C. § 12188(a)(2) and seeks a
11 permanent injunction requiring the Defendant to retain a qualified consultant acceptable to
12 Plaintiff to assist Defendant to comply with WCAG 2.1 guidelines for Defendant's website. The
13 website must be accessible for individuals with disabilities who use desktop computers, laptops,
14 tablets, and smartphones. Plaintiff and Class Members seek that this permanent injunction require
15 Defendant to cooperate with the agreed-upon consultant to: train Defendant's employees and
16 agents who develop the website on accessibility compliance under the WCAG 2.1 guidelines;
17 regularly check the accessibility of the website under the WCAG 2.1 guidelines; regularly test
18 user accessibility by blind or vision-impaired persons to ensure that the Defendant's website
19 complies under the WCAG 2.1 guidelines; and develop an accessibility policy that is clearly
20 disclosed on the Defendant's website, with contact information for users to report accessibility-
21 related problems and require that any third-party vendors who participate on the Defendant's
22 website to be fully accessible to the disabled by conforming with WCAG 2.1.

23 38. If Defendant's website were accessible, Plaintiff and Class Members could
24 independently access information about restaurant location, hours, services offered, and services
25 available for online purchase.

26 39. Although Defendant may currently have centralized policies regarding operating
27 and maintaining Defendant's website, Defendant lacks a plan and policy reasonably calculated to
28 make Defendant's website fully and equally accessible to, and independently usable by, blind and

1 other visually-impaired consumers.

2 40. Defendant has, upon information and belief, invested substantial sums in
3 developing and maintaining Defendant's website to which Defendant has generated significant
4 revenue from Defendant's website. These amounts are far greater than the associated cost of
5 making Defendant's website equally accessible to visually impaired customers. Plaintiff has also
6 visited prior iterations of the Defendant's website, <https://www.waterbarsf.com/>, and also
7 encountered such barriers.

8 41. Without injunctive relief, Plaintiff and Class Members will continue to be unable
9 to independently use Defendant's website, violating their rights.

10 CLASS ACTION ALLEGATIONS

11 42. Plaintiff, on behalf of himself and all others similarly situated, seeks to certify a
12 nationwide class under Fed. R. Civ. P. 23(a) and 23(b)(2) (b)(3), the Nationwide class is initially
13 defined as follows:

14 all legally blind individuals who have attempted to access Defendant's website by
15 the use of a screen reading software during the applicable limitations period up to
and including final judgment in this action.

16 43. The California class is initially defined as follows:

17 all legally blind individuals in the State of California who have attempted to access
18 Defendant's website by the use of a screen reading software during the applicable
limitations period up to and including final judgment in this action.

19 44. Excluded from each of the above classes is Defendant, including any entity in
20 which Defendant has a controlling interest, is a parent or subsidiary, or which is controlled by
21 Defendant, as well as the officers, directors, affiliates, legal representatives, heirs, predecessors,
22 successors and assigns of Defendant. Also excluded are the judge and the court personnel in this
23 case and any members of their immediate families. Plaintiff reserves the right to amend the Class
24 definitions if discovery and further investigation reveal that the classes should be expanded or
25 otherwise modified.

26 45. *Numerosity.* Fed. R. Civ. P. 23(a)(1). This action has been brought and may
27 properly be maintained as a class action against Defendant under Rules 23(b)(1)(B) and 23(b)(3)
28 of the Federal Rules of Civil Procedure. While the exact number and identities of other Class

Members are unknown to Plaintiff at this time, Plaintiff is informed and believes that there are hundreds of thousands of Members in the Class. Based on the number of customers who have visited Defendant's California restaurant, it is estimated that the Class is composed of more than 10,000 persons. Furthermore, even if subclasses need to be created for these consumers, it is estimated that each subclass would have thousands of Members. The Members of the Class are so numerous that joinder of all Members is impracticable and the disposition of their claims in a class action rather than in individual actions will benefit the parties and the courts.

46. *Typicality*: Plaintiff and Class Members' claims are typical of the claims of the Members of the Class as all Members of the Class are similarly affected by Defendant's wrongful conduct, as detailed herein.

47. *Adequacy*: Plaintiff will fairly and adequately protect the interests of the Members of the Class in that they have no interests antagonistic to those of the other Members of the Class. Plaintiff has retained experienced and competent counsel.

48. *Superiority*: A class action is superior to other available methods for the fair and efficient adjudication of this controversy. Since the damages sustained by individual Class Members may be relatively small the expense and burden of individual litigation makes it impracticable for the Members of the Class to individually seek redress for the wrongful conduct alleged herein. Furthermore, the adjudication of this controversy through a class action will avoid the potentially inconsistent and conflicting adjudications of the claims asserted herein. There will be no difficulty in the management of this action as a class action. If Class treatment of these claims were not available, Defendant would likely unfairly receive thousands of dollars or more in improper revenue.

49. *Common Questions Predominate*: Common questions of law and fact exist as to all Members of the Class and predominate over any questions solely affecting individual Members of the Class. Among the common questions of law and fact applicable to the Class are:

- i. Whether Defendant's website, <https://www.waterbarsf.com/>, is inaccessible to the visually-impaired who use screen reading software to access internet websites;

- ii. Whether Plaintiff and Class Members have been unable to access <https://www.waterbarsf.com/> through the use of screen reading software;
- iii. Whether the deficiencies in <https://www.waterbarsf.com/> violate the Americans with Disabilities Act of 1990, 42 U.S.C. § 12181 *et seq.*;
- iv. Whether the deficiencies in <https://www.waterbarsf.com/> violate the California Unruh Civil Rights Act, California Civil Code § 51 *et seq.*;
- v. Whether, and to what extent, injunctive relief should be imposed on Defendant to make <https://www.waterbarsf.com/> readily accessible to and usable by visually-impaired individuals;
- vi. Whether Plaintiff and Class Members are entitled to recover statutory damages with respect to Defendant's wrongful conduct; and
- vii. Whether further legal and/or equitable relief should be granted by the Court in this action.

50. The class is readily definable, and prosecution of this action as a Class action will reduce the possibility of repetitious litigation. Plaintiff knows of no difficulty which will be encountered in the management of this litigation which would preclude their maintenance of this matter as a Class action.

51. The prerequisites to maintaining a class action for injunctive relief or equitable relief pursuant to Rule 23(b)(2) are met as Defendant has acted or refused to act on grounds generally applicable to the Class. Thereby, making appropriate final injunctive or equitable relief with respect to the Class as a whole.

52. The prerequisites to maintaining a class action for injunctive relief or equitable relief pursuant to Rule 23(b)(3) are met as questions of law or fact common to the Class predominate over any questions affecting only individual Members and a class action is superior to other available methods for fairly and efficiently adjudicating the controversy.

53. The prosecution of separate actions by Members of the Class would create a risk of establishing inconsistent rulings and/or incompatible standards of conduct for Defendant. Additionally, individual actions may be dispositive of the interest of all Members of the Class,

1 although certain Class Members are not parties to such actions.

2 54. Defendant's conduct is generally applicable to the Class as a whole and Plaintiff
3 seek, *inter alia*, equitable remedies with respect to the Class as a whole. As such, Defendant's
4 systematic policies and practices make declaratory relief with respect to the Class as a whole
5 appropriate.

6 **COUNT I**

7 **VIOLATIONS OF THE AMERICANS WITH DISABILITIES ACT, 42 U.S.C. § 12181**

8 ***ET SEQ.***

9 (On Behalf of Plaintiff, the Nationwide Class, and the California Class)

10 55. Plaintiff alleges and incorporates herein by reference each and every allegation
11 contained in paragraphs 1 through 54, inclusive, of this Complaint as if set forth fully herein.

12 56. Section 302(a) of Title III of the ADA, 42 U.S.C. § 12181 *et seq.*, provides: "No
13 individual shall be discriminated against on the basis of disability in the full and equal enjoyment
14 of the goods, services, facilities, privileges, advantages, or accommodations of any place of public
15 accommodation by any person who owns, leases (or leases to), or operates a place of public
16 accommodation" 42 U.S.C. § 12182(a).

17 57. Under Section 302(b)(2) of Title III of the ADA, unlawful discrimination also
18 includes, among other things: "a failure to make reasonable modifications in policies, practices,
19 or procedures, when such modifications are necessary to afford such goods, services, facilities,
20 privileges, advantages, or accommodations to individuals with disabilities, unless the entity can
21 demonstrate that making such modifications would fundamentally alter the nature of such goods,
22 services, facilities, privileges, advantages or accommodations" and "a failure to take such steps
23 as may be necessary to ensure that no individual with a disability is excluded, denied services,
24 segregated, or otherwise treated differently than other individuals because of the absence of
25 auxiliary aids and services, unless the entity can demonstrate that taking such steps would
26 fundamentally alter the nature of the good, service, facility, privilege, advantage, or
27 accommodation being offered or would result in an undue burden" 42 U.S.C. §
28 12182(b)(2)(A)(ii)-(iii). "A public accommodation shall take those steps that may be necessary

1 to ensure that no individual with a disability is excluded, denied services, segregated, or otherwise
 2 treated differently than other individuals because of the absence of auxiliary aids and services,
 3 unless the public accommodation can demonstrate that taking those steps would fundamentally
